## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

1. Claims 15 and 25 recite the limitation "said outer surface of said carrying case" in line 24. There is insufficient antecedent basis for this limitation in the claims.

### ***Claim Rejections - 35 USC § 103***

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

2. Newly amended claims 15 and 25, in addition to claims 16-24 and 26-28 are all rejected finally on the same grounds as in the first action rejection, paper No. 8, mailed February 28, 2002.

### ***Response to Arguments***

3. Applicant's arguments filed June 4, 2002 have been fully considered but they are not persuasive. Firstly, regarding the rejections, it is maintained that the combination of references modifying Wade teach all of the newly amended (paper No. 10) limitations in claims 15 and 25. Contrary to the remarks in paragraphs 1 and 3, it is submitted that a

Art Unit: 3728

portion of an inner surface of one of the front or rear walls of the case portion of Wade is permanently attached to the sheet portion. Regarding the remarks in paragraphs 4-7, Applicant fails to explain how the supporting references used in rejecting claims 20, 23, 24 and 28 are improperly combined.

### ***Conclusion***

**4. THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
